## BSMMU Syndicate meet not held due to hindrance by employees

Staff Correspondent

The scheduled Syndicate meeting of Bangabandhu Sheikh Mujib Medical University (BSMMU) could not be held on Tuesday as a group of agitating employees prevented the Vice Chancellor and other syndicate members from attending the meeting.

Witnesses said the pro-BNP staffers of the BSMMU blocked all the entrances of the meeting venue to stop the syndicate members from attending the meeting.

It is alleged that the members of the law enforcing agencies deployed there earlier to ensure peace and order did not prevent the agitators from creating hindrance to meeting.

The academic atmosphere and treatment facilities in the country's only medical university - BSMMU - has been facing serious problem after the employees began agitation on the university campus.

Immediately after change over in the political arena, the pro-BNP elements want to change "Bangabandhu Sheikh Mujib Medical University" into its previous nomenclature "Institute of Post-Graduate Medicine and Research (IPGMR) earlier popularly known as PG Hospital, sources in the university alleged.
