

### Research workshop at IUB begins

School of Business of the Independent University, Bangladesh, (IUB) organized a workshop on Business Research Methodology as a part of its commitment towards continuous faculty development, says a Press release.

Professor Bazlul Mobin Chowdhury, the Vice Chancellor of the University, inaugurated the three-day programme as chief guest. He emphasized on the importance of developing faculty and keeping them updated in this changing global environment to ensure the delivery of progressive education.

Professor Borhan Uddin, Director of the School of Business, chaired the session. Dr. Borhan clarified the objectives of the workshop, which is to orient the faculty members with modern research techniques and problem solving approaches.

All the faculty members of the School of Business were present at the inauguration as the participants of the workshop. This workshop will allow the participants to pursue research in their areas of interest.
