## Freshers' reception at IUT

Islamic University of Technology (IUT) organized a reception programme for the newly admitted students of the Academic Year 2001-2002 recently at IUT campus at Board Bazar, Gazipur. The function was presided over by Prof. Dr. M. Anwar Hossain, Vice-Chancellor, Islamic University of Technology (IUT), says a press release.

The new students were introduced to the faculty and officials of the University, The Provost, Halls of Residence, Heads of Department, Chairmen of different Committees and the Registrar spoke on the occasion. The students were apprised of different educational, social, cultural and co-curricular activities as well as rules and regulations of the University.

In his presidential speech, the Vice-Chancellor Prof. Dr. M. Anwar Hossain, urged upon the newly admitted students to be flexible and accommodating in learning new knowledge and techniques. He said that engineering and technology education in the developing countries is more demanding than that of the developed countries. The engineering and technology students of the developing countries are required to learn about the indigenous as well as emerging technologies. They should be able to use both the age old and modern technologies.

In this connection, the Vice-Chancellor emphasised upon the need for proper training of mind of the young generations. He further said that the future of the Ummah lies with the students. Prof. Hossain made a clarion call to the student to face the challenge of the new millennium by equipping themselves with the required knowledge and skill.
