Entrepreneurs Fair at NSU

"For socio-economic development of the country entrepreneurial spirit of the younger generation should be nurtured", said Dr. Hafiz GA Siddiqi, Pro Vice Chancellor North South University (NSU) while inaugurating a two-day long Entrepreneurs Fair on NSU campus March 31. This sort of activity has immense intrinsic value in student education and evolution. The fair was organised by Young Entrepreneurs Society, a student activity club of NSU, says a Press release.

NSU and other private universities including East West University participated in the Fair.
