

Prof Naseem due in city today

Professor Dr. Naseem Rahman of the University of Trieste, Italy is scheduled to arrive Dhaka from Milan on Monday, says a Press release

During his week long stay in Dhaka he will explore the possibility of setting up of a sub-centre of International Centre for Complex System (SISC) in Dhaka. The proposed Dhaka sub-centre will cover the region from Iran to Indonesia. The rest of Asia is already covered by a similar sub-centre based in Osaka, Japan.

Professor Naseem Rahman has been appointed President of the International Centre for Complex Systems, Zurich, Switzerland from the middle of May 2002.

Professor Rahman has also been offered to Chair the Theoretical Physics at the Imperial College, University of London recently. Internationally famous late Professor Abdus Salam used to hold this position. Dr. Naseem Rahman is expected to join this position from September 2002 as visiting professor. He is also a visiting professor in Princeton University, USA.
