

Tolerance Day observed

In observance of the International Day for Tolerance the United Nations Information Centre (UNIC), the Government Laboratory School and the Theatre for Research Education and Empowerment (TREE) jointly organized a half-day workshop on Saturday at the Laboratory School premises.

Presided over by the Headmaster Rashid Uddin Jahid the workshop was inaugurated by the former IGP Dr M Enamul Huq and Kazi Ali Reza of UNIC as chief guest and special guest respectively. Moderated by the Chief of the TREE Raju Ahmed the workshop was attended by more than 120 SSC candidates of the school.

Participating in the workshop entitled Tolerance is Power—Not a Weakness, the students pointed out the various faces of intolerances they encounter in the society. They also listed different kinds of intolerances in the family, at the educational institutions and in the playground. The speakers in the workshop said that diversity is a strength rather than a threat, and that the Nature embodies the diversity in all its manifestations.
