BCL human chain programme disrupted

Varsity Correspondent

Police on Sunday afternoon disrupted the human chain formation programme of Bangladesh Chhatra League (BCL) in front of the National Press Club charging banners on the BCL supporters.

BCL called the programme demanding immediate release of its detained leaders including the president and general secretary.

At least five BCL leaders were injured in the police attack.

After the BCL-men shifted the programme to the National Eidgah and held a brief protest rally, it was addressed by acting BCL president Marufa Akter Poppy and acting General Secretary Saikatman Shikhar.

The leaders condemned the government's 'fascist' attitude to a peaceful protest programme. They couldn't foil the movement resorting to repression on the Chhatra League workers," the acting BCL President said and demanded immediate release of detained leaders.

The government threw the leaders to jail by filing false cases against them, she added.
