22 underprivileged students succeed in ICT training initiative by JCI Dhaka Independent

Staff Correspondent | Published at 12:21am on April 05, 2023

JCI Dhaka Independent recently accomplished in four batches 'Youth Skill Development', an ICT Training project, and 22 underprivileged students completed the course.

In 2022, JCI Dhaka Independent initiated and supported this ICT project under the overall supervision and collaboration with Sombhabona, and to date 100 underprivileged students successfully completed this ICT course, said a press release.

'This project aims to provide basic to advanced ICT training and Graphics Designing Training to financially backward students from Class VIII to the university level, and we are thrilled to be a part of it,' the release read.

Sombhabona ICT Center recently held a Certificate Ceremony to honour the accomplished students who completed the ICT and Graphics Designing training programs. The ceremony took place on April 1, 2023 at the Sombhabona ICT Center.

The training program covered a wide range of topics, from basic computer skills to advanced Microsoft applications and graphic designing techniques. The students received hands-on training from professional trainers, who provided personalized guidance and support throughout the program.

The Certificate Ceremony for the accomplished students of the Sombhabona ICT Project was made even more special by the presence of the Local President of JCI Dhaka Independent, Mukul Alam, Vice President SM Waliullah Hossain, Secretary General Shakila Yasmin, Director Mezbah Rahman Sehan, and Tasnuva Ahmed, Founding President of JCI Dhaka Independent and Vice President of JCI Bangladesh, along with Sombhabona officials. The esteemed guests handed over the certificates to the students and congratulated them on their achievements.

The Local President of JCI Dhaka Independent, Mukul Alam, expressed his pride in being associated with the project and congratulated the students on their hard work and dedication. He emphasized the role of education and skill-building in driving social and economic development and pledged to continue supporting initiatives that promote these values.

The event was attended by students and trainers, who came together to recognize the students' achievements and offer their congratulations.

'We believe that the skills and knowledge acquired through the 'Youth Skill Development' an ICT Project will serve these students well in their future endeavors, whether it be pursuing higher education or entering the workforce,' the release said.
