Sher-e-Bangla Agricultural University vice-chancellor Professor Md Shahidur Rashid Bhuiyan addresses a seminar on 'Micropollutants: Screening and Risk Assessment' at the university in Dhaka on Monday. — Press release

A seminar on 'Micropollutants: Screening and Risk Assessment' was held on Monday morning in the conference room of the administrative building of Sher-e-Bangla Agricultural University.

Sher-e-Bangla Agricultural University vice-chancellor Professor Md Shahidur Rashid Bhuiyan was chief guest of the event organised by the agricultural chemistry department.

Agricultural Chemistry Department chairman Professor Mohammad Ariful Islam presided over the programme where Sweden's Umea University Chemistry Department professor Yourker Bargland Fick delivered the keynote address.

Agricultural Chemistry Department Professor Md Tajul Islam Chowdhury conducted the programme where Sher-e-Bangla Agricultural University Research System director Professor Md Asaduzzaman Khan and Channel 24 executive director Talat Mamun were special guests.

Department of Agricultural Chemistry Professor Nurjahan Begum gave a welcome speech on the occasion.

The speakers discussed the role of micropollutants in environmental pollution and highlighted its various harmful aspects in Bangladesh and suggested proper research in this regard.

In addition, Mosafizur Rahman, program officer of the Embassy of Sweden, along with teachers, researchers, officials and students of the university were present at the event, said a press release.
