A workshop on aircraft and space vehicle design and the ongoing research activities, organised by the institutional quality assurance cell of Bangabandhu Sheikh Mujibur Rahman Aviation and Aerospace University was held on BSMRAU Dhaka campus on Saturday.

BSMRAU's vice-chancellor AKM Manirul Bahar was present as chief guest in the workshop. The main speaker of the workshop was senior loads and dynamics engineer, Boeing Company professor Humayun Kabir, said a press release.

Manirul Bahar gave a welcome speech at the workshop. He said that the university regularly organised seminar and symposium with aviation and aerospace stakeholders and the workshop was the continuation of that.

Professor Humayun Kabir elaborated on the design and ongoing research activities of aircraft and space vehicles and urged students to concentrate on research work besides studies.

All the officers, teachers and students of Dhaka campus of the university participated in the workshop.

The workshop was concluded with the closing speech and vote of thanks by pro-vice-chancellor of the university air commodore ATM Habibur Rahman.
