

MC College Students confine principal

United News of Bangladesh
Sylhet

STUDENTS of the Psychology Department of Sylhet MC College confined college Principal Dhuresh Chandra Sarker to his office on Tuesday demanding introducing Masters programme in the department.

Students completing the honours course from the department have to face trouble in pursuing their postgraduate degree as there is no opportunity for doing Masters in the department.

Campus sources said the students of the department had long been on a movement to press for their demand.

In continuation of the movement, the students lay siege to the office of the principal around 12 noon and confined him to the office.

Later, they withdrew the siege around 3pm following assurance from the authorities to meet their demand.
